

January 25, 2013

The Des Moines County Board of Supervisors met in work session at the Court House in Burlington at 10 AM on Friday, Jan. 25th, 2013, with all members present.

Jeff Heil with Northland Securities presented several scenarios regarding bonding for up to one million dollars for essential purposes. Broeker stated that 10% of the county's value is in TIF districts. Bonding would allow the County to use value that is otherwise unavailable to use in its budget calculations. Bonding would actually reduce the county's levy. The County's 5 year capital improvement plan was discussed.

If the County decides to go ahead with bonding, a public hearing would be held.

This Board meeting is recorded and the tape is kept on file for two years. The minutes are also posted on the county's website www.dmcounty.com

Approved February 5, 2013

Tom Broeker, Chairman

Attest: Carol S. Copeland, County Auditor
